Villa Puncak Tidar Blk. AB No.3, Sumberjo, Kalisongo, Kec. Dau, Kabupaten Malang, Jawa Timur 65151

An ambitious undergraduate in Digital Creative Technology (Computer Science), I bring a robust skill set in full-stack development and a profound interest in Artificial Intelligence (AI), currently deepening my expertise in AI development. My academic pursuits are fueled by a commitment to innovative problem-solving and a belief in the power of collaborative learning. I am eager to leverage my technical abilities to drive technological advancement and create positive societal impact within my country and community.

Education Level

SMA Kristen kanaan - Banjarmasin, Kalimantan Selatan, Indoensia

Jul 2020 - Aug 2023

Senior High School, Science Major

Universitas Bina Nusantara - Malang, Jawa Timur Indonesia

Sep 2023 - Aug 2027 (Expected)

Bachelor of Computer Science, 3.83/4.00

Work Experiences

Bina Nusantara University - Malang, Indonesia

Jul 2024 - Sep 2025

Duta Binusian

Provided support in resolving academic issues faced by students, led exam preparation sessions for mid-term and final assessments targeted at the wider Computer Science student body, and delivered both academic guidance and emotional support to help students improve their study strategies.

Organisational Experience

Himpunan Mahasiswa Teknik Informatika (HIMTI) - Malang, Indonesia

Jan 2025 - Present

President Of HIMTI

Led HIMTI, directing a dynamic team of 42 in orchestrating strategic initiatives that transformed student professional development and experience. Served as the authoritative student voice, building bridges between student aspirations and institutional goals through innovative community engagement and strategic partnerships. Maintained rigorous financial stewardship and operational excellence while supervising team performance and high-impact programs.

Binus Untuk Negeri - Malang, indonesia

Feb 2024 - Jun 2024

Volunteer

As a volunteer with the Binus Untuk Negeri program—an initiative by Binus TFI—I contributed to boosting Indonesian literacy by providing engaging entertainment for children aged 3-5. I led the Security Division as its Coordinator. This role encompassed comprehensive safety management, including maintaining a safe and sanitary environment for the children to enjoy the storytelling and overseeing the general security of the event area to ensure the well-being of every participant.

Binusian Plants Hope - Malang, Indonesia

Nov 2024 - Dec 2024

Event Division Coordinator

As the Coordinator of the Event Division for Binusian Plants Hope—a special Binus TFI event during BiFest—I oversaw all planning and execution details. This involved coordinating both internal and external stakeholders, including sourcing and managing plant vendors, securing and liaising with venue organizers for the tree- planting activity, and meticulously developing and directing the entire event flow for participating university students.

First Year Program Binusian B28 - Malang, Indonesia

Aug 2024 - Sep 2024

Freshmen Leader

I served as a Freshmen Leader (August–September) for the B28 Binus University cohort, successfully guiding new Computer Science students through their transition. This involved helping them adapt to campus life, understand administrative systems, become familiar with their curriculum, and build friendships while ensuring their full participation in the Freshmen Year Program (FYP).
